House Of Debt How They

House of Debt is important because it persuasively demonstrates that the conventional meta-narrative of the crisis and its aftermath, which emphasizes the breakdown of financial intermediation, is inadequate.... All future work on financial crises will have to reckon with the household balance sheet effects they stress.

House of Debt: How They (and You) Caused the Great ...

House of Debt is a very important book, reaching beyond surface explanations of the Great Recession to identify the fundamental cause—excessive private debt built up in the pre-crisis boom years. It combines meticulous empirical research with an ability to see the big picture.

in production and huge job losses. How do we end such a cycle? With a direct attack on debt, say Mian and Sufi. More aggressive debt forgiveness after the crash helps, but as they illustrate, we can be rid of painful bubble-and-bust episodes only if the financial system moves away from its reliance on ...

House Of Debt PDF - Download free pdf books

Next, they explain how debt not only doomed the poor, it actually triggered the whole housing bubble to begin with. Their work here is, for lack of a better word, forensic. They go state-by-state, nay, ZIP code by ZIP code splitting America by (i) high/low leverage (ii) high/low constraints in expanding city limits (iii) high/low credit score and demonstrate that credit expansion led price house appreciation.
