Lone Wolves amid a Herd Mentality Most of the world sees frequent, energetic social interaction as a normal and correct ideal - the term "loner" has become negatively charged. Social integration has major advantages and isn't a bad goal, but neither is it a universal fit.

### Understanding the Lone Wolf: Confident Individualist ...

A lone wolf is a wolf that lives independently rather than with others as a member of a pack. Lone wolves are typically either older female wolves driven from the pack, perhaps by the breeding male, or young adults in search of new territory. Many young female wolves between the ages of one to four years old leave their family to search for a pack of their own.

### Lone wolf (trait) - Wikipedia

A lone actor, lone-actor terrorist, or lone wolf is someone who prepares and commits violent acts alone, outside of any command structure and without material assistance from any group. They may be influenced or motivated by the ideology and beliefs of an external group and may act in support of such a group. In its original sense, a "lone wolf" is an animal or person that generally lives or spends time alone instead of with a group. Observers note that lone wolf attacks are a relatively rare ty
