Meccan Trade And The Rise

Meccan Trade and the Rise of Islam is an incredibly detailed study of what pre-Islamic trade 'might' have been like. Crone explains that there are too many uncertainties and far too little written or archaeological data to draw any definite conclusions, but what we do know is that the traditional narrative about a prosperous trading city in the middle of the desert simply do not add up.

Meccan Trade and the Rise of Islam Patricia Crone - Basil Blackwell, 1987 - vii + 300pp - £27.50 No scholar in recent years has done more to challenge old orthodoxies, both Muslim and Western, about the emergence of Islam in seventh-century Arabia than Patricia Crone.

Meccan Trade and the Rise of Islam | History Today

If we take it that trade is the crucial factor behind the appearance of a prophet in Arabia, the spread of his message there, and the Arab conquest of the Middle East, then the answer is evidently yes. But, in fact, Meccan trade cannot be said ever to have provided a convincing explanation for any of these events. The view that Meccan trade is the ultimate cause of the rise of Islam is Watt's.
