Step 1. Cross reference the Rocketfish TV mount with the TV you own. Each mount has a limit of weight it can support. For example, with most models your TV must be less than 130 lbs. (59kg).Step 2, Remove the stand from the back of the TV. It will usually slide off or unscrew. Later, you will use these screw holes to mount the TV.Step 3, Survey whether the back of your TV is flat or curved. You will attach the TV brackets with different processes depending upon this feature.
